## President's Message

Dear Neighbors,

I hope you all had a wonderful holiday season. I want to extend to all of you a happy and healthy New Year on behalf of the Board.

It was a very busy and productive year for the Dunwoody North Civic Association. The most important thing we accomplished was getting the monument at Tilly Mill and Binghamton repaired. It is no longer tilting thanks to Jonathan Buckner, owner of Rock Solid Specialty Construction. This repair took a huge chunk out of our treasury. I would like to extend a big thank you to Dave Davis and Clyde McLain, residents of Dunwoody North, who volunteered their services to help enhance the monuments. Dave Davis, who owns A Clean Roof Inc., pressure washed all of the monuments and signs at no charge to the Civic Association. In addition to the repairs and cleaning, the signs on the monuments were painted by a Dunwoody North resident, Clyde McLain. DNCA did all of this to give our community a better appearance. By joining the Civic Association you can show your support for projects like this which enhance our community.

We also printed new directories. Thank you to Barbara Dodds, Lisa Unkefer, and David Fowler for doing such a great job. It was labor intensive and I appreciate all of your hard work. You can receive a directory by becoming a member of the DNCA.

We had our first Plant Exchange in 2011 sponsored by DNCA's Beautification Committee, and we are looking forward to our next exchange

in 2012. I want to thank Pat Cloud and her committee for not only having the Plant Exchange but for their upkeep of the plants around our monuments and judging Yard of the Month.

The DNCA hosted our first evening social in November. It was so much fun and the White Elephant gift exchange was a blast! Alison's Restaurant catered the event, and the food was delicious. Thanks, Alison. I want to thank Corlette Muery and her committee for a job well done. Furthermore, I want to give a special thanks to Lyn Coltman for graciously opening up her home for this event.

Once again, DNCA sponsored a holiday meal for the Dunwoody Police Department and Fire Station 18. I want to thank Brett Cavalli of the Perimeter Carrabba's for catering the meal for the police. Serendipity Catering catered the meal for Fire Station 18. Thanks Chef Louie for once again doing a great job. I also want to extend a big thank you to Barbara Dobbs for chairing the Police luncheon and the Garden Club for providing dessert. I also want to thank Amy and Frank Stafford for chairing the Fire Station dinner and the Board members who provided the dessert.

### Neighborhood Watch Update

By Lisa Dierks-Unkefor, Chairman Dunwoody North Neighborhood Watch Program 770-451-5756

neighborhoodwatch@dunwoodynorth.com

I hope everyone had a safe and happy holiday season! I would like to start with a follow-up on the Calling Post call that was made on December 13th regarding the break-in on E. Kings Point Circle. The Dunwoody Police interrupted the burglary by first catching the getaway car driver, and then apprehending the other two thieves at the Marta bus stop in front of The First Baptist Church on North Peachtree Road. These arrests were made because a neighbor saw the suspicious car in front of his home and called 911. On behalf of the affected homeowner and the Police, we thank this neighbor for being observant and looking out for the neighborhood. Great job!

These arrests were made because a neighbor saw the suspicious car and called 911.

### Yard of the Month

By the Beautification Committee

It is difficult to believe we are headed into January and have only had a few days dip below freezing. Many of our plants are confused and budding out and will be zapped by the cold temperatures that are sure to come. The Beautification Committee has been making good use of the warmer temperatures by planting a few new shrubs and bulbs around the Dunwoody North monuments. Our goal is to enhance the newly painted and leveled monuments with attractive yet low maintenance plants. We will need months of cool weather and more rain to get these areas established before the summer heat arrives. If you are interested in assisting with the planning, planting and/or maintenance of the monument areas, please contact Pat Cloud (beautification@dunwoodynorth.org, or 770-220-0027)

The 2<sup>nd</sup> annual Plant Exchange is on the calendar for Saturday, March 10<sup>th</sup>, 10:00 am to 12:00 pm, in the parking lot of Dunwoody North Driving Club. We hope that with advance notice more of our neighbors will be able to participate. Most of us have too much of something – Hostas, Day Lilies, etc. For every plant you bring you get to take one home. So take stock of your surplus, fill those pots and come take part in the fun.

Please See Yard of the Month page 8

# Did you know that...

- you need a permit for new water heaters, air conditioners, furnaces, and roofs?
- you may need to obtain a permit if you are removing more than one tree? Especially if that tree is in a stream buffer. Check with the City of Dunwoody Arborist (<u>Howard.koontz@dunwoodyga.gov</u>) prior to removal.
- you are supposed to clear all yard debris from your yard as well as your curbing?

June Yard of the Month - Dunhaven Road

- there is no dumping of yard debris allowed on Laurelwood Road by the reservoir? Illegal dumping of leaves at that location is narrowing the roadway.
- there is a noise ordinance that deals with barking dogs? The Dunwoody Police can respond to complaints about this.
- that home occupations may not have customer contact, no visible sign of the business from the exterior, no noise emitted from the business that could disturb neighbors, no parties or sales events? This includes sale events at the Driving Club Clubhouse which is zoned residential.
- there is a property maintenance code which requires that the exterior of your home be properly maintained? This includes peeling paint, broken windows, overgrowth of grass/weeds, gutters that are falling off the house, and shutters that are broken and/or falling off the house.

If you would like more information, please go to the City of Dunwoody web site that will link you to municode to view our City codes.

Yard of the Month from page 6

Our "Yard of the Month" judging will begin the last week in March with the first awards of the season given in April. Two homes are chosen, one east of Tilly Mill and one west of Tilly Mill. As members of the Beautification Committee drive around looking for yards worthy of being awarded "The Yard of the Month" we have noticed a few things that make a yard look nice:

- Mulch Helps: Whether it is pine straw or pine bark, mulch helps a yard look fresh and it helps keep the ground moist so plants are healthier.
- Know Your Plants: Drought resistant plants and plants that are native to Georgia are going to survive the hot dry conditions of a Georgia summer better than plants native to other areas of the country. Visit Nova Scotia in the summer, a place that is cool and damp and you will notice how big their ferns and Hostas are. On the other hand, our Knock Out Roses and Black Eyed Susan's seem to thrive in the heat.
- Hardscaping Breaks It Up: Placing benches, making pathways or adding a few pieces of yard art lets you add color and breaks up your yard. It also means you have fewer things to take care of since pathways don't require watering. Hardscaping does not have to be expensive; you can find cute and attractive pieces at discount stores all over Atlanta.
- Cut it Back: I know it is hard to cut back plants that are thriving even though they are taking over your driveway. But sometimes you have to be brutal and take your pruning shears to out-of- control plants. Plants that thrive most of the year can get spindly and weedy by August. A little pruning can go a long way.

Weed the Weeds: It is amazing isn't it?
Everything is drying up except the weeds. You can't get grass to grow in your lawn but it pops up randomly in the flower beds. Laying down some mulch will help you control your weeds, but ultimately you are going to have to exert some energy to control the weeds in your garden.
